Drug and Alcohol First Aid Responding to Children in Substance-Using Families

Drug and Alcohol First Aid is a one-day workshop that informs and equips practitioners in the human services sector to recognise and respond to alcohol and other drug issues. Training is tailored to address the unique needs of children growing up in families or environments affected by substance-use.

**DRUG and ALCOHOL
FIRST AID**

It provides practical strategies and insights to help practitioners respond with confidence and care.

- Learn age-appropriate language for explaining substance-use and addiction to children.
- Increase knowledge about the impacts of substance use.
- Build reflective-practice skills.
